Charity number 1122571

Dear All

I hope you are well despite the current challenges.

In my recent update I mentioned that this year marks a special anniversary since we began the Immanuel Kindergarten project with my parachute jump on my 50th birthday. As I approach another significant milestone it is fifteen years since Immanuel Kindergarten, Yei, South Sudan moved to a new building funded by Immanuel Kindergarten Charity with 75 children. There are now 375 squashed into the three classrooms and more children on a long waiting list. As our fifteenth anniversary challenge a small group of us (led by a terrified Carolyn!) will abseil from the top of a cliff near Chorley to raise funds to build additional classrooms. The aim is to give as many children as possible the opportunity for a quality education from the amazing staff team in Yei led by Malish Simon.

The date is now set for:

**July 7th 2021 at Denham Quarry near Chorley, PR68NF
between 10.00am till 1.00pm.**

There are currently five of us taking on this challenge and there are a few available spaces for others if anyone wishes to volunteer! (If you do please let me know as soon as you can).

Everyone is welcome to come along and watch me panic!! There is space to sit and car parking close by so do bring a picnic. (You are requested not to stand near the bottom of the rock face or the edge and ropes at the top for safety reasons).

If you would like to sponsor us I have set up a Golden Giving page:

<https://www.goldengiving.com/fundraising/abseilforimmaunelkindergarten>

or I can provide you with a paper sponsorship form (please email me on ikindergarten@aol.com).

Anything you can afford to give will go directly to the project (nothing is taken for administration or other expenses). Thank you so much to those who have already donated. It will make a huge difference to the children in Yei.

Thank you for your amazing encouragement and support over the last fifteen years.

Best wishes from Carolyn
